BIOGRAPHY

Great music brings people together.

DJ Oneil brings the energy that keeps them moving.

Blending hip-hop, R&B, pop, dancehall, soca, and reggae, DJ Oneil brings versatility and a feel for the crowd to every set. From large-scale Caribbean celebrations to corporate gatherings and professional conferences, he creates a musical experience that fits the occasion and gives guests something to remember.

His experience includes DJing for the West Indian American Day Carnival Association (WIADCA) during the West Indian Day Parade in 2023 and 2024, followed by the New York City Campaign Finance Board's West Indian Day Parade event in 2025. He has also performed for notable artists, brought his sound to at least three radio stations, and played for crowds of more than 700 at Caribbean events, including performances at Coney Art Walls and the Brooklyn Children's Museum.

His versatility extends beyond the festival scene. DJ Oneil has provided entertainment for Northeast Black Law Students Association events in New York and Boston and performed for more than 500 attendees at the Black Entertainment and Sports Lawyers Association Conference in Puerto Rico.

Whether the occasion calls for laid-back grooves, Caribbean rhythms, or a packed dance floor, DJ Oneil approaches every event with the same goal: to connect with the crowd and make the music part of what makes the experience unforgettable.
